QMe (The Que starts from U)

Whats QMe:
QMe is an app to facilitate social distancing. We are committed to help Statuary bodies like governments, healthcare facilities, businesses like brick-and-mortar, organized retail formats and other organizations to serve their customers efficiently and safely during COVID-19. This also enables retailers need to optimize and leverage excellent in-store experiences to capture sales and delight customers.

QMe (The Que starts from U)

Why : In present scenario entire world is struggling to survive by increasing in revenue consequently strengthening the economy as main focus is in fighting against the corona virus. The only way to prevent from corona infection is social distancing. It was seen people risking their life flouting social distancing when the liquor shops were open at various places. It will be useful in maintaining the social distance & pave the way of generation of revenue through liquor amid corona without jeopardizing life of people
